

## Main Applications

Steel industry, benefits of minerals, refractory, glass, ceramics, carbonate precipitated calcium Al-calis production, soil contaminated hydrocarbon treatment sewage sludge water, sugar, cellular concrete, paper and cellulose.

## Information Chemistry, Physics and Packaging

Chemical Characteristics		Reference	Specification
Calcium oxide	CaO	ASTM C-25	90% min
Magnesium Oxide	MgO	ASTM C-25	1.0% min
Silica	SiO <sub>2</sub>	ASTM C-25	1.0% max
Sulfur	S	LECO	0.025%
Loss on ignition	PxC	ASTM C-25	6% max

Physical Characteristics		Range	Specification
Grit	ASTM C-110	1/8" - 0	95%min

## Presentation

Bulk, Big Bags of 1.5 ton
